

iPad - DCPS Webmail configuration

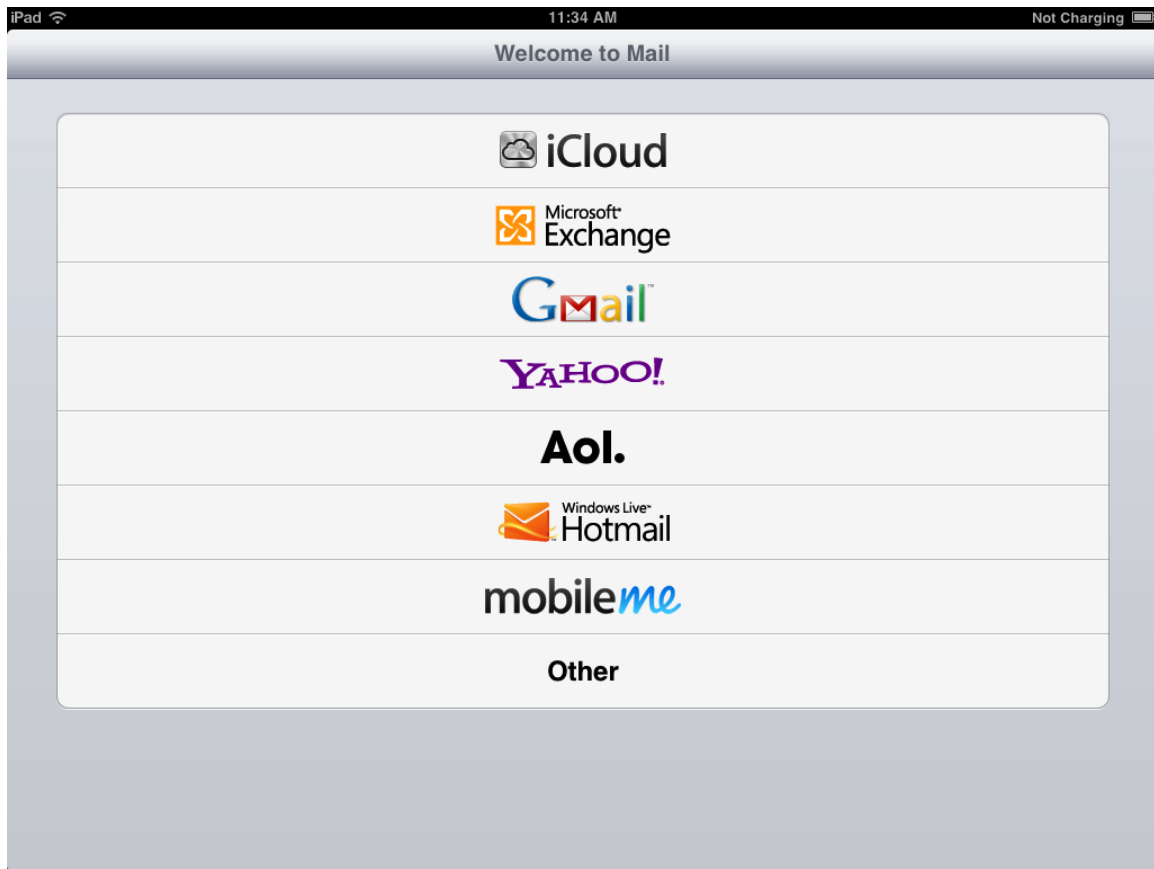

How to configure you DCPS Webmail on an iPad using the Microsoft Exchange mail

Launch Mail

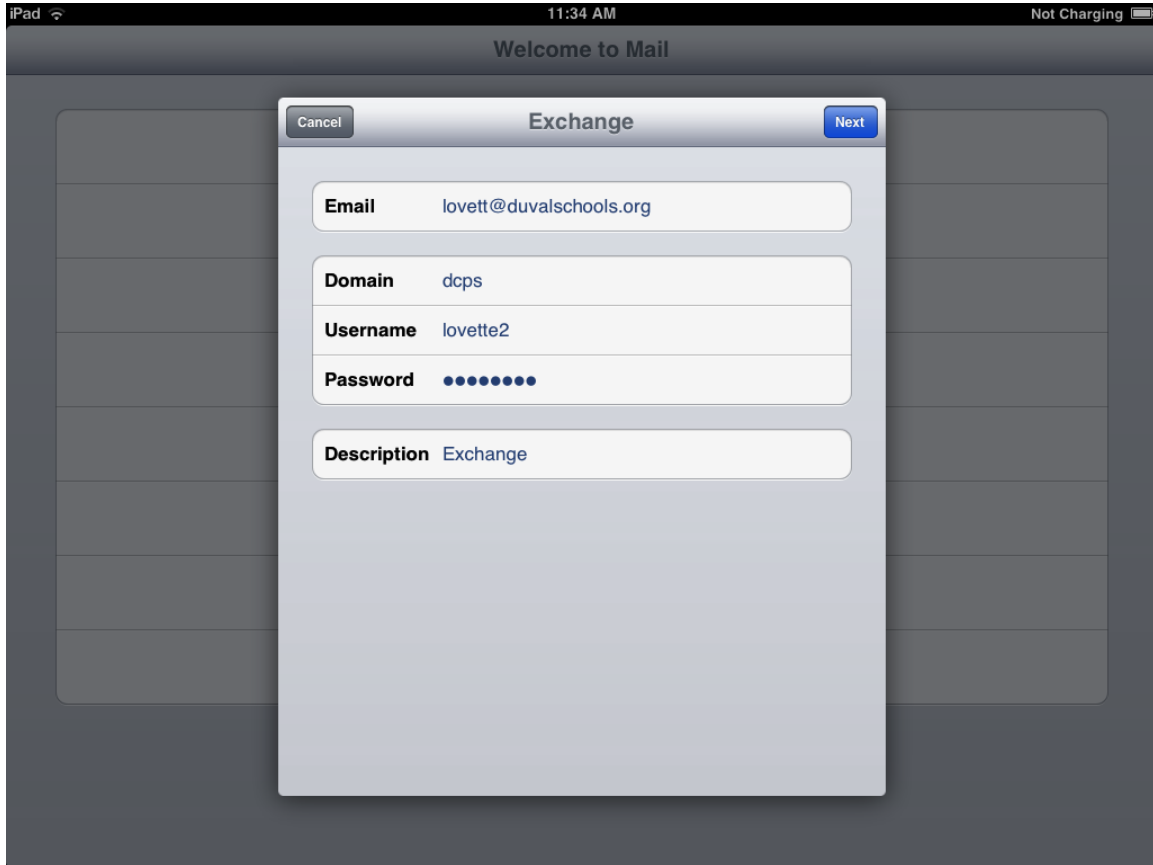

Select the blue and white "Mail" icon

Exchange

Select the "Microsoft Exchange" icon

Credentials

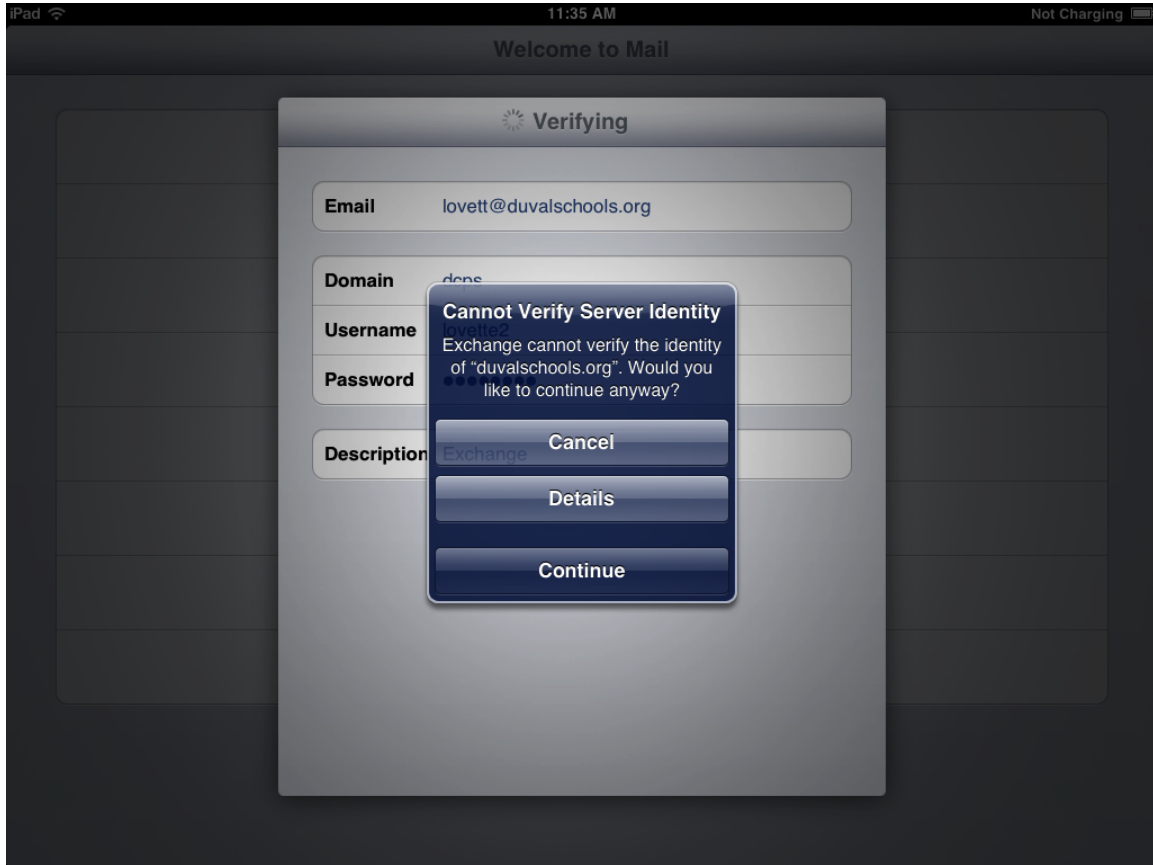

Enter the following:

Your Duval Schools email dress
Duval Schools domain name is: dcps
Your DCPS Username
Your Password

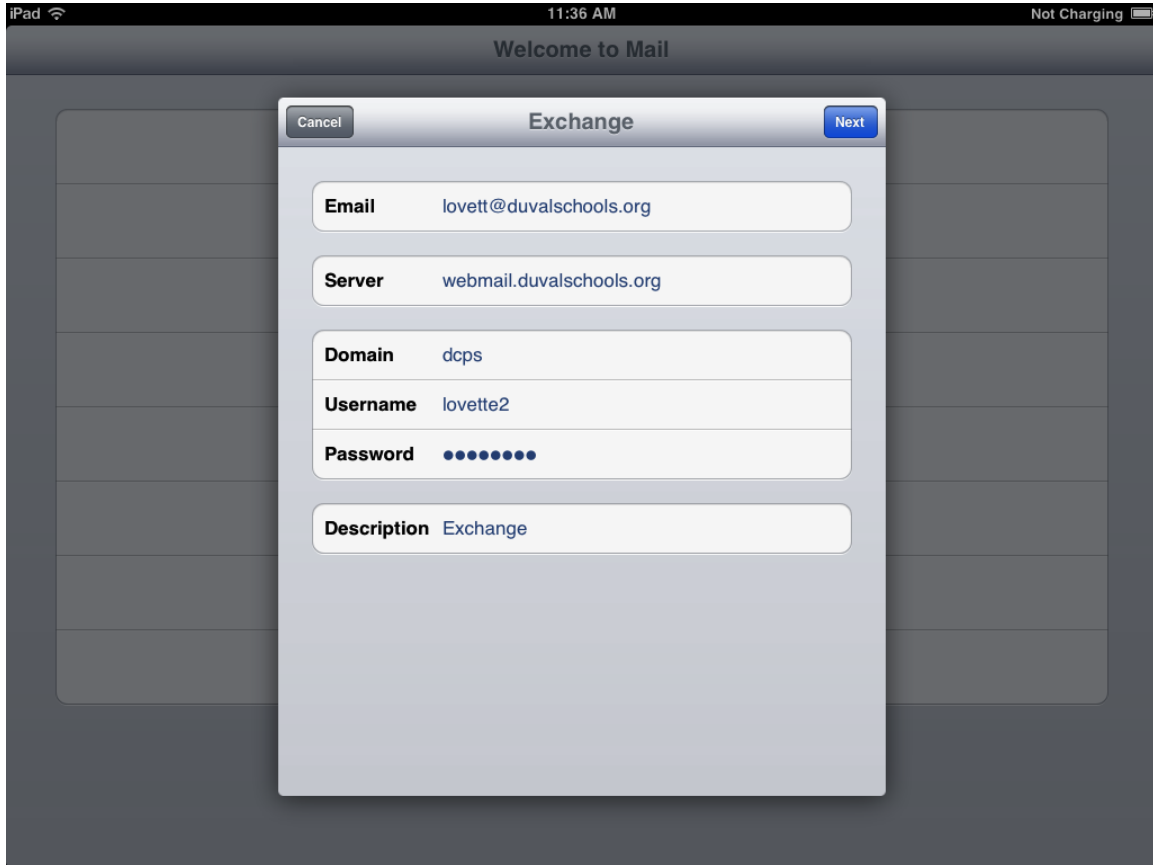

Select "Next"

Server verification

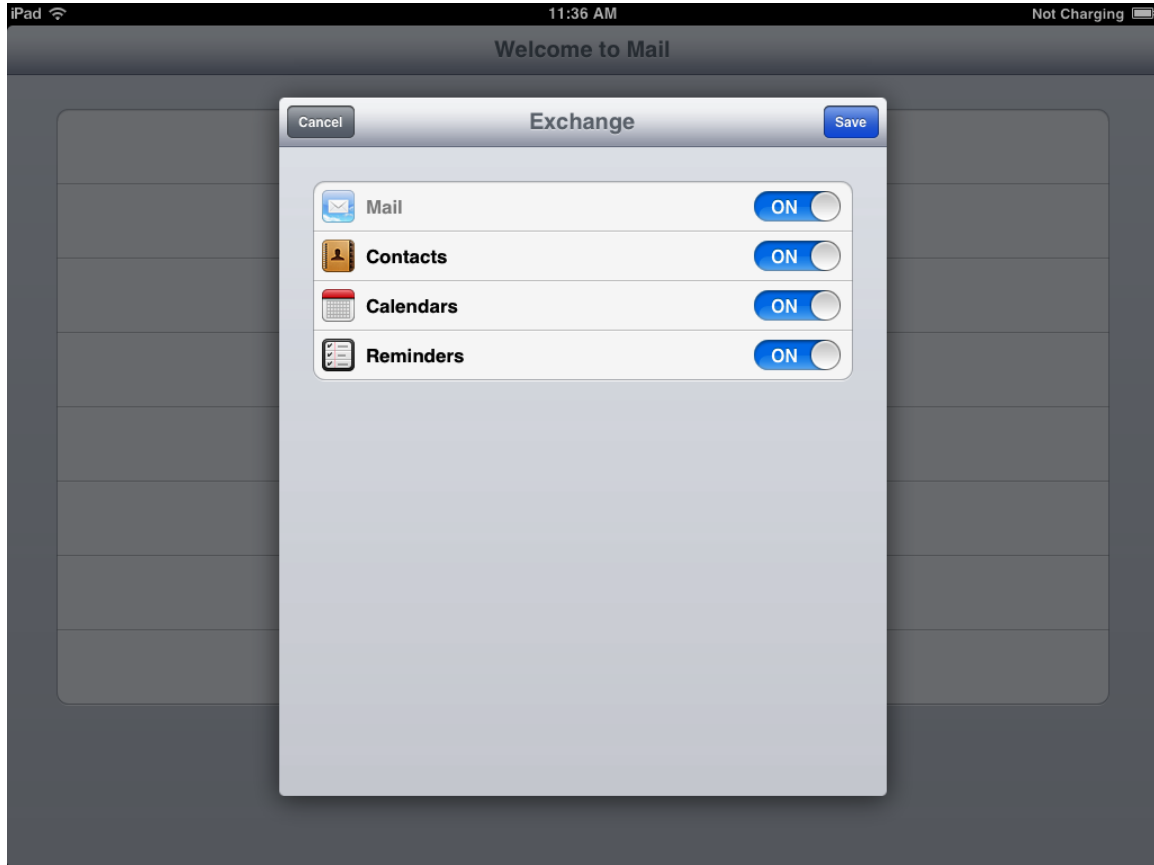

Select the "Continue" button at the bottom

Server recognition

Your iPad should've recognized the DCPS mail server which will auto populate the Server field.
You should see "webmail.duvalschools.org" in the Server field. IF NOT, type it in and select "NEXT"

Save

Make sure all of your webmail features are on and select "Save"

***NOTE: allow the mail time to populate.**
